# INTERNATIONAL

*ISM-IAE is firmly oriented to the internationalization of its Bachelor and Master's Programs and to the development of the international experiences of its students and staff.*

*We welcome nearly 20% of international students and each of our master's programs offers a week-long international seminar in a foreign country (United States, China, Malaysia, Canada, Slovakia, Bulgaria, Sweden, Portugal...) in order to facilitate the experience and professional openness in an international context.*

*We encourage the international mobility of our students and have established 24 partnerships with foreign universities enabling the inbound and outbound mobility of students, professors-researchers and staff. These agreements allow us to invite and welcome international professors from many European countries, USA, Australia, etc.*

*Our master "Management in International Business" offers a full program in English and allow as to welcome anglophone international students.*

*In addition to the teaching activities, ISM-IAE of Versailles develops international*

*research partnerships and encourages the involvement of LAREQUOI PhD students in research activities organized within the framework of these partnerships.*

## Key figures 2024 - 2025

*International Partnerships - 26*
*International students, free movers - 250*
*Agreement mobility students - 2 outgoing mobility and 1 incoming mobility*
