International Students Services « Student's House»

- The Department of The University Life Coordination
- manages the building of the Student's House and is composed of:
 - The accommodation and reception service for international students
 - The association service
- Student Life Coordination department has two main missions that are on the one hand, improving the living conditions of students so that they can devote themselves as serenely as possible to their studies and on the other hand, the animation of campus life.
- The cultural service of students and staff
 - Since its creation in 2000, the UVSQ's cultural and personal service has developed a cultural policy that is open to the city and the territory, with the objectives of enabling meetings and encouraging the artistic and cultural practices of students and staff. The cultural service aims to:
 - Promoting access to culture
 - Developing students' cultural and artistic practice
 - Animating the campus
 - Welcoming artists
 - Make the university a place of culture

International Students Services « Student's House»

- **The department of physical and sports activities offers**
 - Sport university education for students,
 - Competitive practice,
 - sports practice of relaxation, leisure and maintenance for all members of the UVSQ.
- **The Department of International Relations**
 - promotes the mobility offered at the UVSQ;
 - provides administrative support and coordination of outbound and incoming mobility within the framework of exchange programs;
 - instructs applications from international students (DAP files) for access to a UVSQ diploma (L1 and 1st year PACES).

.

International Students Services « Student's House»

- The orientation and career integration service
- assists students in the construction of their study and professional project. It has of two services:
 - The Orientation and Information-training services in Guyancourt and Versailles
 - The Office for Assistance to Professional Integration - BAIP
- The University Department of Preventive Medicine and Health Promotion - The University Health Service (SSU) is a joint department of the University dedicated to preventive medicine for students.
- The Support Service for Students and Staff with Disabilities - The Support Service for Students and Staff with Disabilities (SAEPH) supports students with disabilities.

.
