START'UP GAMES: ENTREPRENEURSHIP TAKES CENTRE STAGE WITH EADS MASTERS STUDENTS

The Valorisation Department, in partnership with Matrice and the ISM-IAE communication department, is organising a new edition of the Start'up Games for students in the UVSQ EADS Master's programme. This actuarial session invites participants to explore the challenges of innovation through serious games led by mentors from the entrepreneurial ecosystem. It's a practical and dynamic way of familiarising themselves with the challenges of project creation, while developing a spirit of initiative and creativity.

29 April 2025

Bâtiment FERMAT, salle 2102

45 Av. des États Unis, 78000 Versailles
