WEBINAR - 2ND EDITION: MASTER OF PURCHASING AND SUPPLIER QUALITY MANAGEMENT

2nd Edition Webinar: Discover the Master in Purchasing & Supplier Quality. On the eve of registration on the MonMaster website, the Master 2 MAQF students present a second webinar to exchange ideas, answer your questions and help you make the right choice.

Still not sure whether to embark on a work-study course specializing in “Purchasing” or “Quality”?

Make an appointment with the MAQF Master 2 during this second webinar and put your doubts to rest!

Over the years, the buyer has become a strategic player in the company's response to economic, environmental and societal demands. Purchasing management and supplier quality are key elements in the organization of a mature company.

On the eve of the opening of applications on the MonMaster platform, students in the Master 2 Purchasing and Supplier Quality Management program invite you to join them in a second webinar. During this meeting, they will be able to assist you, guide you and reassure you in your choice to follow this Purchasing and Supplier Quality Management course.

They'll be happy to answer any questions you may have about the course, the work-study formula and the career opportunities available.

Program:

- » 10 minutes: Brief presentation of the Master's program
- » Remaining time: Discussion, Questions & Answers
